Education

VIT, Bhopal

Computer Science (Core)

2020 — 2024

III Semester, 8.4 GPA

Kendriya Vidyalaya No.2 , Jammu

XII from CBSE

2019 — 2020

PCM, 95%

Projects

Portfolio Builder (Web App)

Create your own portfolio website within
few minutes.

→ Used React.js, Firebase FireStore, Auth to
manage the user accounts and data like their
skills, social links, photo, projects etc.

→ Useful for content creators, artists and
people who don't know how to code.

Link to Working Website

Learn DSA (Web App)

Visualize concepts and your progress in
Data Structures and Algorithms.

→ Used Next.js (to handle large number of pages)
, React.js, Chakra UI. Designed the graphics to
make the topics feel visual.

→ Keep track of your DSA progress. Learn from
regularly added content.

Link to Working Website

Personal Website (Web App)

For my learning progress and blogs

→ Used React.js, Chakra UI.

→ Timeline to show my progress and small blogs
after trying a new technology.

Link to Working Website

Minimalistic Note Taking App
(Desktop App)

Offline desktop application for your notes

→ Used Electron.js, Express.js ,Quill.js, axios
and file system(fs) modules to save, delete,
view or edit notes stored locally on your
desktop.
